

Gas Training & Development Record (Managed Learning Self Study)

1. GB-GAS Website Watch the Video to recap, Simulated Practical and Quizzes				
Online Training, recommended to watch one video per evening and try the online questions, to prove understanding. Record you Score. Revisit the videos as required. Online assessment records can be printed as proof	 Online Practical Practice Element	Video Time	Online theory Assessment score first attempt	Number of times Completed, insert a tick for each time completed
Core Domestic Gas CCN1				
1	01 Gas Safety Regulations	Video Training	26.44 m	/33
2	17 Emergency Actions & Procedures	Video Training	4.34 m	/5
3	02 Combustion & Analysis	Video Training	30.44 m	/15
4	02a Setting up an Analyser	Video Training	2.56 m	
5	02b Analysis Practical	Gas Valve Adjustment		
6	03 Ventilation	Video Training	20.6 m	/26
7	03 Ventilation 3D	Video Training	7.53 m	
8	04 Pipework and Meters	Video Training	12.1 m	/21
9	04A Valves and Fittings	Video Training	15.39 m	
10	04b Pipework Practical	Pipework Inspection Pipework Answers Unsafe Situations		
11				
12				
13	08 Pipe Sizing	Video Training	11.37 m	
14	08b Pipe Sizing Extra	Pipe Size (Work Out)		
15	09 Purge Calculations	Video Training	12.56 m	
16	05 Tightness Testing	Video Training	10.24 m	/14
17	05a MOP Testing	Video Training	2.42 m	
18	05b Tightness Practical	Existing Systems (Matching) Existing Systems (Story Mode) New Systems (Matching) MOP Systems (Matching) MOP Recap (Testing Order)		
19				
20				
21				
22				
23	06 Pressure & Flow		15.19 m	/8
24	06b Gas Rate Practical	Timing and Calculation		
25	07 Unsafe Situations	Video Training	12.27 m	/16
28	10 Controls FSD / Thermostats	Video Training	15.42 m	/30
29	10a Controls 3D	Video Training	16.56 m	
30	11 Controls Auxillary	Video Training	46.28 m	
31	11b Controls Practical	Control Recognition (Matching) Test Boiler Rig Test Cooker Oven Test Cooker Top 1.Thermoelectric FSD (Test Procedure) 2.Flame Rectification (Test Procedure) 3.Liquid Expansion FSD (Test Procedure) 4.Mechanical Vapout Stat (Test Procedure) 5.ElectricVapour Stat (Test Procedure) 6.Appliance Regulator (Test Procedure) 7.Solenoid (Test Procedure) 8.Lid Safety (Test Procedure) 9.ASD (Test Procedure)

57	16 Re-establishing	Video Training	4.34 m	/10
Appliances				
1	Central Heating Boilers	Video Training	45.07 m	/6
2	Central Heating Fault Finding	Video Training	17.32 m	
3	Boiler Strip Down Quiz	Step by Step Quiz		
4	Boiler Service Procedure	Step by Step Quiz		
5	CH Fault Finding Test	Fault Finding (Story Mode)		
6	Water Heaters	Video Training	24.55 m	/10
7	Cookers	Video Training	35.37 m	/11
8	Cookers Control Line	Video Training	7.28 m	
9	Space Heaters	Video Training	28.24 m	/14
10	Warm Air Heaters	Video Training	19.42 m	
11	General Fault Finding	Video Training	12.37 m	
12	Electrical Multimeter	Video Training		
Final Theory Assessment Prep				
1	regs Part 1 Assessment Prep			/39 129 points
2	regs Part 2 Assessment Prep			/47 73 points
3	Ventilation Assessment Prep			/56 80 points
4	Flues Part 1 Assessment prep			/88 188 points
5	Flues Part 2 Assessment Prep			/32 77 points
